Last Reviewed: June 2026

This document outlines the Health & Safety Policy for Gordon Dressage Group (GDG).

Health and Safety is everyone's responsibility and we encourage our members and spectators to read this document and acknowledge and prepare for the associated risks in our sport. The overall aim of the policy is to ensure that, in so far as reasonably practical, organisers, members, competitors, spectators, and the general public are kept safe and free from harm where possible.

Health & Safety Statement

Gordon Dressage Group (GDG) holds the wellbeing, health and safety of all members, competitors, spectators and the general public as an utmost concern. GDG have ensured that risk assessments have been undertaken for each venue, and that these assessments are reviewed on an annual basis. Risk assessments may be updated more frequently if a new venue is used, if there is a significant change in venue layout / organisation, or if a near miss or reportable accident occurs.
